Alumni Meet – 2018

The 15th Alumni Meet was held on 31st January 2018 at IPER Auditorium. Around 20 Alumni members attended the meeting.

All the members were welcomed by the Dr. R. O. Ganjiwale, Principal, IPER, Wardha.

At this occasion, Dr. R. O. Ganjiwale, Dr. Dilesh Singhvi, Mr. Sunil Dewani Ms. Sadhna Gautam presented their views on their past memories with the institute and ways to strengthen the association.

Around 10 to 15 Alumni of the Institute discussed the current scenario of the pharmacy profession and possible ways for its upliftment. The issues and their possible solutions were taken into consideration by Dr. R. O. Ganjiwale and were insured to be resolved in coming future. The members of the association also decided to have a talk with relevant authorities through the institute and the principal.

Dr. R. O. Ganjiwale, Principal IPER, Wardha, in his guiding and enlightening speech addressed the members about the need of such an association. He also discussed various aspects related to field and also made the members aware about the developments in the scenario of the profession.

Dr. R. O. Ganjiwale appealed all the members to increase the number of members by carrying out the membership drive in the nearby areas. He also asked the members to carry out various activities for the betterment of the society, under the head of Alumni association collaborating with various local professional bodies.

Ms. Sadhna Gautam memorized and expressed her experiences in the institute. She highlighted various ways by which the Alumni members can be brought under the head of such a useful platform.

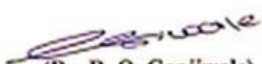

Mr. Sunil Dewani emphasized the need of contacts using active social media, to be developed between IPER'ites so that the freshers who are seeking the jobs in various pharmaceutical sectors would not face difficulties. He also expressed his deep respect about the Institute and Dr. R. O. Ganjiwale, Principal, IPER, Wardha for providing a great platform where the entire pass out students of the Institute can be brought together.

Ms. Sadhna Gautam, Ms. Ankita Aglawe, Mr. Ujwal Muchulwar, and Ms. Nazish Sheikh expressed deep sense of gratitude about the association and expressed thoughts by which more and more alumni can be 'tied in the bond' of the association.

Ms. Jayshree Hadke, Mr. Ashish Budhrani and other Alumni members present for the meet expressed their emotions about the institute and different ways of strengthening the association.

After the address of the Chairman, IPER Alumni Association, vote of thanks were given by Dr. Dilesh Singhvi, and further followed by open interaction session between all the members and concluded by lunch.

DIFFERENCE BETWEEN LAW & ETHICS

LAW	ETHICS
Rules of human conduct binding to all persons in a state or nation.	Rules by which a profession regulates actions and sets standard for all its members.
If law is broken, a violator may be subjected to punishment, fine or imprisonment.	If rules are broken, the professional body may subject the violator to lose professional privileges.
Standards of law.	Standards of conduct.
Law may prevent one from causing injury to other. But it cant force him to help his neighbor in hours of need.	Helping neighbors is the function of ethics.
Selling misbranded or adulterated drug is prevented by law.	Selling medicines at cheaper rate than that of the fellow pharmacist in his area is not ethical.

Seminar on “Publish or Perish: The art of scientific writing”

A seminar on “Publish or Perish: The art of scientific writing” was conducted on 13th December 2021, under the ISTE Chapter, by Mr. S. P. Dewani, at 2.30 pm. Around 60 students from UG and PG course were present for the seminar. The students were made aware of the importance of publication in their career. Various writing tools were introduced to the students. Meaning of impact factor graded to the scientific journals was explained. The students were highlighted various steps to be followed for effective and flawless scientific publication. The students were also made aware of various citation tools required during the course of publication. A brief idea on various online citation tools was also provided to the students.

What does not fall under plagiarism?

- Using common knowledge and basic facts...
 - Saying or clichés
 - Facts that are assumed to be known by readers (this depends on audience!)
 - Easily verified facts

...but not all facts are common knowledge:

- Facts that surprise you or the reader
- Course-specific knowledge
- Facts that include statistics or numbers
- Using quotes, even if its content is common knowledge.

- **PROPER PARAPHRASING:**
- Read carefully through what you intend to paraphrase, then rewrite the idea in your own words without using the original work as a guide.
- Also, check your paraphrase against the original text to be sure you have not unintentionally used the same phrases or words, and that the information is correct.

Report on Online Webinar under ISTE Students Chapter on 09.09.2021

Online Webinar under the ISTE Students Chapter of IPER was organized on 9th September 2021 at 2.30 to 4.00 pm, on the topic entitled "Avoiding Plagiarism – A justice to scientific writing". The webinar was conducted by Mr. S. P. Dewani, Asst. Prof., IPER. The online webinar was conducted for the students considering that they should know about plagiarism, and its types. The participants were made aware of various methods to avoid plagiarism. Also, the participants learnt various writing and citation tools to reduce the plagiarism that students normally make during their scientific writing. There is a strong need for the students to understand the disadvantages of plagiarism, and how it reduces their credibility in scientific content writing. Under the ISTE students' chapter various events considering the overall development of students is targeted. Around 55 students were present for the online session. The session was concluded with question and answer session, and filling and submission of the online feedback form.

The presentation slide contains the following text:

- All three are necessary – we can see that physical facility, relationship and right understanding are
- Three distinct realities. All three are required for fulfillment of human being. One cannot be substituted for the other. For ensuring fulfillment in relationship, it is necessary to have right understanding about relationship, i.e. for fulfillment of human being – physical facility, relationship.
- If we investigate into the priority among these, we can see that right understanding is the first priority, fulfillment in relationship with human being is the second priority and ensuring physical facility with rest of nature is the third priority.

Participants in the grid include: Sonali Derkar, Laxma Reddy K, ANKIT MAZUMDAR, Adnan Shaikh, minal gharpure, Nidhi Chahan..., Sonam Dorle, havelkar ujjwal, Shagufta Khan, Sheelpriya W..., Vrushali Path..., and Supriya Bare...

Profession/ Industry – Distinguishing Characteristics

Research & capital intensive

- 10 to 15 yrs. lead time in 3-phase Clinical Trial
- Successful NCE development cost estimate ~ US\$ 1.3 Bn. (ex mktg. expenses)¹

Drug discovery/ development risky – profitability ???

- 1 in 5,000 to 10,000 potential compounds tested succeeds
- Only 3/ 10 Rx product in USA generate revenues that is \geq average R&D costs
- In the absence of patent protection, imitators could copy the new medication
- Patents nominally last 20 yrs. – average effective patent life is about 11.5 yrs. (time is lost in the development & distribution of the new drug²)

Bhatkar delivered a talk on 'Elevating Ethical Practices in Pharmaceutical Sciences' and guided students and staff members on how ethical practices should be followed and maintained in pharmaceutical industries. He gave several examples of how people were not fol-

lowing the ethics in professional life which could result into a long term loss.

He interacted with the students and provided them with key knowledge to maintain professional ethics for their overall development in their future.

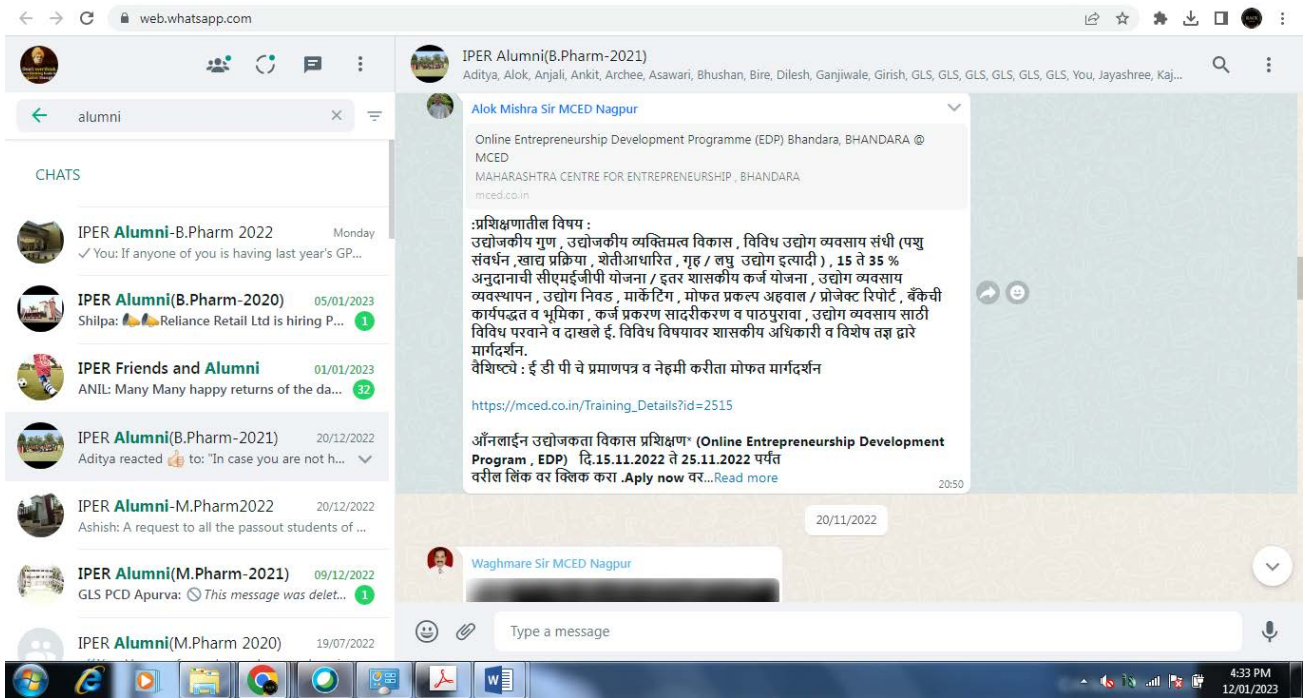

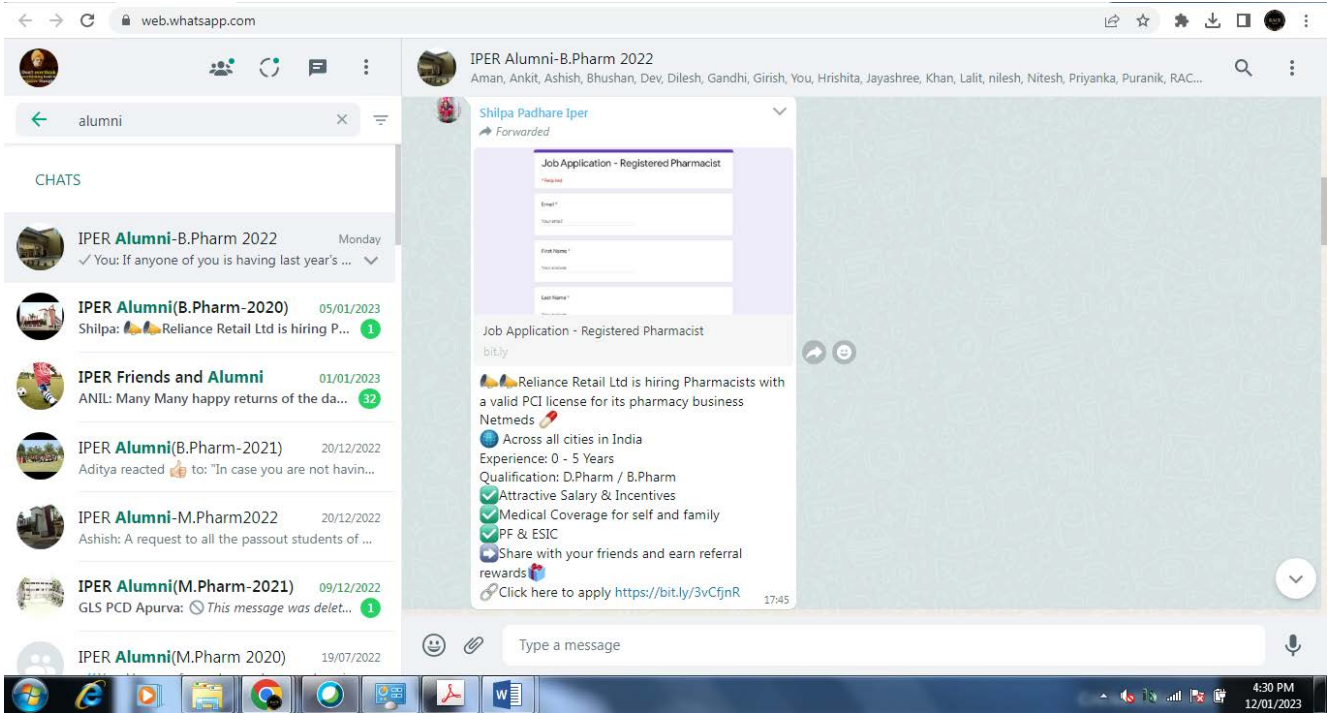

Dr Laxma Reddy K presented his views to the staff and the students on the topic 'Universal Human Values'. He motivated the students on the basic ideas on what a human actually means and needs. He said that students should recognise how our active participation will strengthen the relationship at our home, in the society and finally with Nature.

The webinar was conducted by S P Dewani, Assistant Professor, under the guidance of Dr R O Ganjiwale, Principal of IPER, Wardha. Dewani also proposed a vote of thanks in which he expressed gratitude towards both the speakers as well as Principal Dr R O Ganjiwale.
