Dear Dr. Rajendra Ganjiwale Sir,

Greetings from **Anchrom Enterprises (I) Pvt. Ltd.**

Anchrom is committed to update you with the latest technological advances in the field of HPTLC.

We hereby propose to conduct a joint webinar on HPTLC with your institute as per your convenience. The proposed dates are 8th or 9th July 2021.

This will be an informative and interactive session of 60-90 minutes where we will show a presentation as well as a live HPTLC analysis demo direct from our Laboratory.

CAMAG, Switzerland is the world leader in HPTLC since 5 decades and we are their distributors in India dedicated to the technique of HPTLC since 1978. Our HPTLC Applications Laboratory located in Mumbai has 14 analysts, all the latest CAMAG software controlled instruments and a rich database of HPTLC analysis of thousands of samples. We also offer free training to students, teachers and government officials, since 1994.

We hope to hear from you soon.

Thanks and regards

Online Webinar on “Avoiding Plagiarism – A justice to scientific writing”, under ISTE Students Chapter on 9th September 2021.

What does not fall under plagiarism?

- Using common knowledge and basic facts...
 - Saying or clichés
 - Facts that are assumed to be known by readers (this depends on audience!)
 - Easily verified facts

...but not all facts are common knowledge:

- Facts that surprise you or the reader
- Course-specific knowledge
- Facts that include statistics or numbers
- Using quotes, even if its content is common knowledge.

- **PROPER PARAPHRASING:**
- Read carefully through what you intend to paraphrase, then rewrite the idea in your own words without using the original work as a guide.
- Also, check your paraphrase against the original text to be sure you have not unintentionally used the same phrases or words, and that the information is correct.

Report on Online Webinar under ISTE Students Chapter on 09.09.2021

Online Webinar under the ISTE Students Chapter of IPER was organized on 9th September 2021 at 2.30 to 4.00 pm, on the topic entitled "Avoiding Plagiarism – A justice to scientific writing". The webinar was conducted by Mr. S. P. Dewani, Asst. Prof., IPER. The online webinar was conducted for the students considering that they should know about plagiarism, and its types. The participants were made aware of various methods to avoid plagiarism. Also, the participants learnt various writing and citation tools to reduce the plagiarism that students normally make during their scientific writing. There is a strong need for the students to understand the disadvantages of plagiarism, and how it reduces their credibility in scientific content writing. Under the ISTE students' chapter various events considering the overall development of students is targeted. Around 55 students were present for the online session. The session was concluded with question and answer session, and filling and submission of the online feedback form.

Webinar Report

“Application of Computational Chemistry in Drug Design” organized on 11th September 2021 at 2.00 pm

Institute of Pharmaceutical Education and Research had organized webinar on topic entitled, “Application of Computational Chemistry in Drug Design” organized on 11th September 2021 at 2.00 pm for students.

Dr. R. O. Ganjiwale (I/c Principal and IQAC Chairman) inaugurated the webinar with his enlightening key-note. He emphasized on the need of exploring our budding pharmacist with novel trends in computer aided drug discovery.

Dr. Vijay M. Khedkar eminent researcher and academician delivered talk on topic “Application of Computational Chemistry in Drug Design”. He explained fundamentals of Computer Aided Drug Designing and provided insights on various emerging field in computational chemistry which will help to understand various tools and techniques for *In-silico* screening of drug.

Dr. Aarti Belgamwar, Coordinator of the event delivered vote of thanks. She expressed her gratitude towards management and to Dr. R. O. Ganjiwale (I/c Principal and IQAC Chairman) for his valuable support and guidance. She expressed her gratitude towards resource person Dr. Vijay Khedkar for his great effort to make the conference an intellectual-discourse. DIFFERENCE BETWEEN LAW & ETHICS

LAW	ETHICS
Rules of human conduct binding to all persons in a state or nation.	Rules by which a profession regulates actions and sets standard for all its members.
If law is broken, a violator may be subjected to punishment, fine or imprisonment.	If rules are broken, the professional body may subject the violator to lose professional privileges.
Standards of law.	Standards of conduct.
Law may prevent one from causing injury to other. But it cant force him to help his neighbor in hours of need.	Helping neighbors is the function of ethics.
Selling misbranded or adulterated drug is prevented by law.	Selling medicines at cheaper rate than that of the fellow pharmacist in his area is not ethical.

Seminar on "Working on Referencing Software-Mendeley" on 29th June 2022

A seminar on "Working on referencing software-Mendeley" was conducted for M. Pharm II students under the ISTE Students Chapter, on 29th June 2022 by Mr. S. P. Dewani. The seminar was intended to provide knowledge about the referencing and citation tool to the M. Pharm students, so that referencing becomes easier during their next semester of dissertation. The students were made aware about various online tools used for referencing, of which they were trained on using Mendeley. The seminar sequentially highlighted various steps on using Mendeley. Various aspects of creating account, and using the software in online and offline mode were revealed to the students. Almost all the options were discussed with the students so that the software Mendeley becomes handy to the students during their thesis writing. Use and applications of various search string available in Pubmed database were also shown to the students, so that they could effectively search the Pubmed database. The seminar was concluded with question-and-answer session. Twenty-one students were present for the seminar.
