**2.5.2 Mechanism to deal with internal examination related grievances is transparent, time bound and efficient. Write description within 200 words**

Students are made aware of Continuous assessment scheme of PCI for Theory and Practical. Sessional marks are displayed on notice board. Any discrepancy in continuous assessment is resolved at college level. If any student scores less mark and wants to improve in that subject, he/ she can appear once in next semester for the Improvement Examination. The grievances of the students with respect to assessment are clarified by showing his/ her answer sheet. The answer sheets of such students are assessed once again in the presence of the students. If any totalling mistake is identified by the student, then the corrections in the total is immediately done by the faculty members. Additionally at the college level verification team constituted to verify answer sheet, result sheet and sessional register. Verification team inform the discrepancy pointed out to subject in charge and assure correction.

Any student who is not satisfied with the assessment and awarded marks may approach the Exam Controller who can inform the matter to the principal.
