Yoga day

2023 International Day of Yoga, to be observed today, i.e. Wednesday (June 21), carries the theme "Yoga for well-being", much relevant for our times in a society still recovering from the impact of the coronavirus disease (Covid-19) pandemic. The Covid-19 plight was not just a physical crisis; it also left lasting impacts on mental health, with many left in psychological suffering, depression, and anxiety dealing with the pandemic-necessitated restrictions and loss. Yoga can come to the help of people dealing with such crises, the United Nations explained on its website since the message of the practice is to promote both physical and mental health.

National Service Scheme (NSS) unit of Institute of Pharmaceutical Education and Research, Borgaon (Meghe), Wardha celebrated International Yoga Day on 21st June, 2023 at 4.00 pm to 5.30 pm. Camp was organised in the institute in association with Patanjali Yoga Centre, Wardha. On the occasion Mrs. Pranita tai Ghulane and Mrs. Meena tai Dhole, Patanjali demonstrated the different Yoga Positions. The camp was attended by 74 students of B. Pharm and M. It serves as a tribute to our nation's freedom struggle and stands as a testament to our enduring commitment to the ideals that our great leaders, like Swami Vivekananda, stood for. His teachings have been a guiding light for generations, and this program aims to celebrate his legacy in the context of our 75th Independence Day.

We are pleased to inform you that the Institute has organized a special program in collaboration with the Swami Vivekananda Youth Movement, marking the auspicious occasion of Azadi ka Amrut Mahotsav. The event is scheduled to take place on the 29th of August 2023, commencing at 12:00 pm, in Room No. 311.

We are delighted to share that a total of 66 students from our B. Pharm. program have enthusiastically participated in this event. Tree Plantation

Trees beautify our surroundings, produce oxygen, absorb pollutants, sequester greenhouse gases, regulate temperature and prevent soil erosion, besides acting as wind barriers. They are grown for their aesthetic value in landscapes and or economic importance. The Indian tree flora diversity ranks 10th in the world and comprises of nearly 2000 species belonging to about 800 genera and 150 families of flowering plants, which includes majority of the cultivated and exotic species. With the increase in population, rapid expansion of area under food and commercial crops, deforestation, extension of urban area, establishment of industries in rural areas and other factors, there is considerable depletion of genetic wealth, many of them being in the verge of extinction.

The National Service Scheme (NSS) Unit of Institute of Pharmaceutical Education and Wardha organized “Tree Plantation” programme on 23/09/23 outside the college premises 46 students of B. Pharm and M. Pharm participated in Tree Plantation.

CPR Awareness programs are vital initiatives aimed at equipping individuals with life-saving skills in cardiopulmonary resuscitation (CPR). These programs educate people on recognizing cardiac emergencies, performing CPR, and using automated external defibrillators (AEDs) effectively. By raising awareness and providing hands-on training, CPR Awareness programs empower communities to respond swiftly in critical situations, potentially saving lives and ensuring a safer environment for all.

The purpose to organize a blood donation camp is to motivate people to donate blood and social works. The purpose of blood donation camp to select a suitable donor whose blood will be safe to the recipient and who himself shall not in any way be harmed by blood donation. Blood donation camp should motivate the public to donate blood by oral communication, which is the most effective method of recruiting donors. Talk about the need of blood, shortage of blood, ease of donation and myth about blood donation to the public.

Awareness Program on Vit. D & Vit. B12

Awareness programs on Vitamin D and Vitamin B12 are essential for promoting public health and preventing deficiencies that can lead to various health complications. These programs aim to educate individuals about the importance of these vitamins in maintaining bone health, immune function, and neurological health. By raising awareness about sources of Vitamin D (sunlight, fortified foods) and Vitamin B12 (meat, dairy, fortified cereals), as well as risk factors for deficiency, such as age, dietary habits, and certain medical conditions, these programs empower individuals to make informed decisions about their nutrition and overall health, ultimately improving well-being and quality of life.

The National Service Scheme (NSS) Unit of Institute of Pharmaceutical Education and Wardha organized “Awareness programs on Vitamin D and Vitamin B12” programme on 06th May 2024 in Borgaon (Meghe), Wardha 42 participants were participated in this program.
