Subject- Invitation for Keynote Speech

Dear Madam,

It gives us great pleasure to organise the National Conference on "Nanotechnology in Healthcare" from October 6-7, 2023, in collaboration with the APTI Maharashtra Branch.

On behalf of the organising committee, I would like to cordially invite you to attend our forthcoming conference and deliver the Keynote Address.

The conference will provide platform to the students, researchers and academicians to gain knowledge and insights distinguished speakers like you.

Your kind acceptance and prompt reply with a speech proposal is highly appreciated.

We look forward to a positive confirmation, which would be an honour for us indeed.

Kind Regards,

Dr. R. O. Ganjiwale

Dear Prof.

Greetings

I am glad to accept your invitation to speak at the conference on Saturday, October 7th through online.

It would be an idea if you can rename it to international conference instead national, since the foreign speaker delivering speech.
Kindly inform me the audience's general education background and as I will then be able to prepare the appropriate technical material.

I am honoured by your request and will do my best to help ensure the conference is a success. I look forward to the conference.

Regards

Dr. Ashok

THE INSTITUTE

The Institute of Pharmaceutical Education and Research was established in 1982, a pioneering pharmacy Institution in Maharashtra. It is located in Wardha, the Gandhi city. There is a rich historical backdrop for Wardha. The famous defender of peace, humanist torchbearer, and father of the nation, Mahatma Gandhi resided in Sewagram, which is located 6 kilometers from Wardha. The institute is managed by the Vidarbha Youth Welfare Society, Wardha. It provides Diploma, Degree, Post Graduate & Doctorate courses in Pharmaceutical Sciences. There are over 400 students studying at the Institute, who come from all throughout India. A stunning Institute campus has grown over a five-acre area. High academic standards, a vast library, skilled and experienced staff, and well-equipped laboratories have elevated the Institute to the status of one of Maharashtra's top institutions. It has a permanent affiliation with RTMNU, has 12th and 2nd certification of UGC, is accredited by the NBA, and scored an A+ on the NAAC second cycle.

PROGRAMME HIGHLIGHTS

- Emerging applications of nanotechnology in healthcare.
- Nanomedicines in diagnosis and treatment of diseases.
- Nanotechnology in medical devices.

OBJECTIVES

1. To provide the opportunity for discussion and an exchange of ideas.
2. To disseminate the vast store of knowledge on the use of Nanotechnology in treating diseases.
3. To apprise the pharmacy teachers, students and research scholars about the most recent developments in Nano-formulations.

SCHEDULE

Date	Time	Session
06/10/2023	10:30 AM - 11:00 AM	INAUGURATION
	11:00 AM - 12:30 PM	KEYNOTE ADDRESS
	2:00 PM - 3:30 PM	PLENARY SESSION
07/10/2023	10:30 AM - 12:00 PM	PLENARY SESSION
	2:00 PM - 3:30 PM	PLENARY SESSION
	3:30 PM - 4:30 PM	VALEDICTORY

SPEAKERS

Experts in Nano-Drug Delivery Systems from Academia and Research Institutes

ELIGIBILITY

The programme is open to Students, Research Scholars, Teachers working in Universities/Colleges. Participants from industry and Government Departments are also eligible.

Subject: Thank You for Speaking at APTI (Maharashtra State branch) Sponsored Two Days National Conference on Nanotechnology in Healthcare

Dear Dr. Zeenat Iqbal,

On behalf of the Management and Scientific Committee of the Institute of Pharmaceutical Education and Research, Wardha, I would like to extend my deep sense of gratitude to you for giving your valuable time and giving the key note address on "Transforming Women Reproductive Health: Nanoformulations and Intravaginal Drug Delivery Systems in Addressing Vaginal Afflictions and Overcoming Biofilm Challenges" organized from October 6th and 7th, 2023 by our Institute.

I indeed appreciate and thank you for your inspiring and captivating lecture and for igniting a passion for exploring new frontiers in the vaginal drug delivery.

We are grateful for your efforts and time. Your words were truly encouraging, motivating and insightful for youngsters.

Everyone left a positive feedback and we hope that you have also enjoyed the Conference. We would always wish to have you again as guest speaker for another event.

Kind Regards,
Dr. R. O. Ganjiwale

8. REPORT

IPER Organizes National Conference on Nanotechnology

The Pharmaceutics Department and IQAC of VYWS'S Institute of Pharmaceutical Education and Research, Wardha conducted APTI (MS) Sponsored Online conference on the theme "Nanotechnology for Healthcare" on 6th and 7th October 2023. Dr. Shagufta Khan, Chief Co-ordinator of the conference, introduced the delegates about the conference and Dr. R. O. Ganjiwale, Principal, IPER enlightened the delegates about the advancement in nanotechnology and about the informative sessions by the renowned scientists lined up during the two days. Dr. Zeenat Iqbal, Professor, School of Pharmaceutical Education and Research, New Delhi, who is figured in the top 2% scientists by the Stanford University, was the keynote speaker for the conference. She delivered captivating lecture on the title "Transforming Women Reproductive Health: nanoformulations and Intravaginal Drug Delivery Systems in Addressing Vaginal Afflictions and Overcoming Biofilm Challenges". She successfully explained how women health is ignored especially in the socioeconomically backward group and challenges in treating vaginal infections. She gave in depth elaboration on nanomedicine based vaginal delivery system in revolutionizing vaginal drug delivery strategies. The second plenary lecture was delivered by Dr. Sanyog Jain, Professor, National Institute of Pharmaceutical Education and Research Mohali, who is also figured in the top 2% scientists by the Stanford University. He gave an insightful lecture on "Design and Development of Nanotechnology Based Drug Delivery Strategies for Advanced Healthcare". On 7th a plenary lecture was delivered by Dr. Nina Sharma, Managing Director, Shamisha Resources Management Company, Mumbai. She gave motivating speech on "Nanotechnology for Pharmaceutical Development of Nutrition Formulations: Opportunities and Challenges". The last plenary session was by Dr. Ashok Kumar Janakiraman, Professor Faculty of Pharmaceutical Sciences, UCSI University, Malaysia. He highlighted on "Metallopolymer Nanoparticles in Cancer Therapy". He explained how metallopolymer nanoparticles can do wonders in treating various types of cancer. The Scientific sessions were conducted by Dr. Shagufta Khan, Dr. Dilesh Singhavi and Mr. Sunil Dewani. There was overwhelming response for the conference from across the country. About 363 delegates including faculty, research scholars and students actively participated in the conference.

The conference concluded with the views of the participants followed by the vote of thanks. There was huge positive response from the participants, they expressed appreciation and wished to have such types of conferences on cutting edge research in the future. Vote of thanks was proposed by Mr. Abhiram Deshmukh, followed by concluding remarks by Dr. Shagufta Khan, Co-ordinator and Dr. R. O. Ganjiwale, Principal. Dr. Dilesh Singhavi, Co-ordinator IQAC, Mr. Sunil Dewani, Mr. Abhiram Deshmukh, Dr. Jayshree Hadke, ms. Priyanka Sawarkar, Mr. Ashish Budhrani, Mr. Sameer Asole, all the teaching and non-teaching staff worked hard to make the conference successful and memorable.

IPER holds 2-day national conference on Nanotechnology

Guests and participants during the online conference.

■ District Correspondent
WARDHA, Nov 2

THE Pharmacuetics Department and IQAC of VYV'S Institute of Pharmaceutical Education and Research, Wardha conducted APTI (MS) sponsored 2-day online conference on the theme 'Nanotechnology for Healthcare', recently.

Dr Shagufta Khan, Chief Coordinator of the conference, introduced the delegates about the conference and Dr R O Ganjiwale, Principal, IPER enlightened the delegates about the advancement in nanotechnology and about the informative sessions by the renowned scientists lined up during the 2 days.

Dr Zeenat Iqbal, Professor, School of Pharmaceutical Education and Research, New Delhi, was the keynote speaker for the conference. She delivered a captivating lecture on the title 'Transforming Women Reproductive Health: Nanof ormulations and Intravaginal Drug Delivery Systems in Addressing Vaginal Afflictions and Overcoming Biofilm Challenges'.

She emphasized women's health is ignored especially in the socioeconomically backward group and highlighted the challenges faced in treating vaginal infections.

She gave an in-depth elaboration on nanomedicine based vaginal delivery system in revolutionising vaginal drug delivery strategies. The second plenary lecture was delivered by Dr Sanyog Jain, Professor,

National Institute of Pharmaceutical Education and Research Mohali.

He gave an insightful lecture on 'Design and Development of Nanotechnology Based Drug Delivery Strategies for Advanced Healthcare'.

On the second day a plenary lecture was delivered by Dr Sina Sharma, MD, Shamsha Resources Management Company, Mumbai.

She gave a motivating speech on 'Pharmaceutical Development of Nutrition Formulations: Opportunities and Challenges'.

The last plenary session was delivered by Dr Ashok Kumar Janakiraman, Professor Faculty of Pharmaceutical Sciences, UCSI University, Malaysia. He highlighted on 'Metallopolymer Nanoparticles in Cancer Therapy'.

He explained how metallopolymer nanoparticles can do wonders in treating various types of cancers. Dr Shagufta Khan, Dr Dilesh Singhavi and Sunil Dewani conducted proceedings of the Scientific sessions.

There was an overwhelming response for the conference from across the country. About 363 delegates including faculty, research scholars and students actively participated in the conference. The conference concluded with the views of the participants followed by a vote of thanks.

Participants expressed appreciation and wished to have such types of conferences on cutting edge research in the future. Abhiram Deshmukh proposed a vote of thanks, followed by the concluding remarks delivered by Dr Shagufta Khan, Co-ordinator and Dr R O Ganjiwale, Principal, Dr Dilesh Singhavi, Co-ordinator IQAC, Sunil Dewani, Abhiram Deshmukh, Dr Jaysree Hadke, Priyanka Sawarkar, Ashish Budhrani, Sameer Asole, and others worked for the success.

10. CONFERENCE PROCEEDING

The image shows the cover of a conference proceedings book. The cover is divided into several sections. At the top, it says 'APTI (MAHARASHTRA STATE BRANCH) SPONSORED NATIONAL CONFERENCE ON NANOTECHNOLOGY IN HEALTHCARE'. Below that, it says '6th -7th OCTOBER 2023'. The main title 'NANOTECHNOLOGY IN HEALTHCARE' is in large red letters. Below the title, it says 'CONFERENCE PROCEEDINGS'. The cover features a background of a molecular structure and a DNA double helix. At the bottom, it says 'Organized by Institute of Pharmaceutical Education and Research, Borgaon (Meghe), Wardha - 442001, India, NAAC Accredited with A+ Grade'. There are three names listed: Dr. Shagufta Khan (Chief-Coordinator), Dr. R. O. Ganjiwale (Principal), and Dr. Dilesh Singhavi (IQAC Coordinator). APTI (MAHARASHTRA STATE BRANCH) SPONSORED NATIONAL CONFERENCE ON
NANOTECHNOLOGY IN HEALTHCARE

CHIEF PATRON MESSAGE

I am extremely overwhelmed to get this opportunity to address you all for the upcoming APTI sponsored National conference on "Nanotechnology in Healthcare" at VYWS'S Institute of Pharmaceutical Education and Research, Wardha on October 6-7, 2023.

In the last two decades, the world has seen nanotechnology taking steps towards its omnipresence and the process has been accelerated by extensive research in various healthcare sectors. This conference will provide the platform to national and international experts to share their rich experiences and expertise.

I hope the conference will provide an excellent opportunity to budding pharmacy aspirants to deliberate upon the recent trends in nanotechnology and their approaches in healthcare system.

I on behalf of this conference invite you all to attend the online conference in Wardha.

I wish this conference a great success.

Dr. Nitin R. Dhande

Chief Patron,
APTI (Maharashtra STATE Branch) Sponsored National
Conference on Nanotechnology in Healthcare
President, Vidarbha Youth Welfare Society, Amravati.

October 6-7,
2023

APTI (MAHARASHTRA STATE BRANCH) SPONSORED NATIONAL CONFERENCE ON
NANOTECHNOLOGY IN HEALTHCARE

PRINCIPAL MESSAGE

It is our great pleasure to extend a hearty welcome to all the guests, Resource person and Delegates to the APTI sponsored National conference on the theme "Nanotechnology in Healthcare" organized by VYWS'S Institute of Pharmaceutical Education and Research, Wardha on October 6-7, 2023.

The theme of the conference "Nanotechnology in Healthcare" based on the strategy to improve medical diagnostics by making them less expensive and convenient. This nanotechnology is promising and most desirable because of nanobots, nanomedicine, nanofibers. Nanotechnology has huge potential to revolutionize myriad aspects of medical care, including diagnostics, disease monitoring, surgical devices, regenerative medicine, vaccine development, and drug delivery. It is also opening doors to better treatment options for various diseases through advanced research tools that can be used for drug discovery. With the rapid advancement in nanotechnology, the scope is endless for further development of new diagnostics and treatments with higher success rates.

The scientific lectures and deliberations will conduct by eminent scientists, academicians and professionals from academia and pharmaceutical industries across the globe. I am sure that the delegates will be immeasurably benefited with the plenary lectures and discussions.

I would like to invite to all to attend this conference which will present a great value and an excellent opportunity to learn about the emerging technologies in nanotechnology.

I am thankful to honorable management of VYWS Amravati for their moral support to conduct this National conference. I appreciate the task committees for their untiring efforts in organizing this programme.

Dr. R. O. Ganjiwale

Principal,
APTI (Maharashtra STATE Branch) Sponsored National
Conference on Nanotechnology in Healthcare.

APTI (MAHARASHTRA STATE BRANCH) SPONSORED NATIONAL CONFERENCE ON
NANOTECHNOLOGY IN HEALTHCARE

**SPEAKERS PROFILE AND
ABSTRACTS**

October 6-7,
2023

APTI (MAHARASHTRA STATE BRANCH) SPONSORED NATIONAL CONFERENCE ON
NANOTECHNOLOGY IN HEALTHCARE

Dr. Zeenat Iqbal

Professor
Department of Pharmaceutics,
School of Pharmaceutical Education and Research,
Jamia Hamdard, New Delhi.

Prof. (Dr.) Zeenat Iqbal took a first-class B. Pharm and then M. Pharm with twin gold medals from School of Pharmaceutical Education and Research, SPER (erstwhile Faculty of Pharmacy), Jamia Hamdard in the year 1996 and 1998 respectively. A diligent and dedicated academician and an ardent researcher, she has been continuously striving to achieve high teaching and learning standards. Her teaching career spans over more than two decades where she has handled undergraduate and post graduate teaching with substantial contribution towards research as well. She has to her credit more than 218 publications in international and national journals of repute, around 10 Indian patents which are granted and /or published, 10 books, and numerous book chapters. She has figured in top 2% scientists list of the world for the years 2022, 2023 as published by the Stanford University which is acclaimed internationally.

She has successfully handled projects worth a few crores as Co-Principal Investigator for various govt. funding agencies like AICTE, DBT, DST, UGC and others. Most recently, she has handled two consultancy projects in herbal industry and got two projects sanctioned from CCRUM and DST-SERB of more than 70 lacs worth. In her onward professional journey, she has produced more than 30 M. Pharm theses and 10 doctoral theses. While staying at Jamia Hamdard, she earned her PhD in Pharmaceutics where she worked for development of drug delivery system which would help treat the periodontal infections, as common dental affliction warranting dedicated therapy, and contributed towards providing a commercially viable, low cost affordable therapeutic. Since her early career, she has steadfastly worked on women centric diseases and afflictions which include breast cancer, Poly Cystic Ovarian Syndrome (PCOS) and Post Menopausal Syndrome (PMS). Her most recent research revolves around preparing a formulation for the cessation of post-menopausal syndrome which depreciates the Quality of life, QoL, of women and reduces their productivity tremendously. She is a dedicated teacher and firm believer of mentorship and through her responsibilities as Former Deputy Dean.

Students' Welfare, Assistant Provost and currently as Foreign Student Advisor, FSA, she continuously works for the student's welfare. Mental Health and Emotional Quotient, EQ are areas of specific interest wherein she has aligned herself with a Lucknow based NGO Nurture Life. Together JH and Nurture life has brought in webinars, talks and interaction sessions which has greatly helped the students to strive in times of stress and mental pressure. She has assumed positions of high responsibilities which include being the founder General Secretary of TAAJH, The Alumni Association of Jamia Hamdard, founder coordinator of SPICMACAY -JH chapter and Project Screening Committee, PSC, of Ministry of AYUSH. She has been enterprising in her actions and has hosted numerous university events including the prestigious Distinguished Lecture series which saw the presence of stalwarts from different professional domains, who through their deliberations impacted the lives of students. Through her diligently curated PharmaKon Lecture Series she inculcates soft skills in students to help them prepare for their career. She has been recognized for her professional contribution in Pharma domain and has been conferred upon "Pharma Ratna award 2017" by an NGO Rab di Mehar.

APTI (MAHARASHTRA STATE BRANCH) SPONSORED NATIONAL CONFERENCE ON
NANOTECHNOLOGY IN HEALTHCARE

Dr. Sanyog Jain

Professor
Centre for Pharmaceutical Nanotechnology,
Department of Pharmaceutics,
National Institute of Pharmaceutical Education and
Research (NIPER), SAS Nagar (Mohali),
Punjab-160062,
Sanyojain@niper.ac.in

Dr. Sanyog Jain is working as professor at Centre for Pharmaceutical Nanotechnology, Department of Pharmaceutics of national institute of pharmaceutical education and research (NIPER) Mohali (Punjab), India. Previously he worked as Scientist at Defence Research and Development Organization (DRDO), Ministry of Defence, Government of India. His key research interest includes exploring different types of nano drug delivery systems for various biomedical applications including targeted anticancer drug delivery, oral delivery of vaccines, peptides and therapeutics, co-encapsulation of high dose drugs especially antioxidants, topical and transdermal drug delivery, gene delivery and carbon nanotubes. He has patented several nanotechnology-based drug delivery platforms and licensed Tamoxifen-SEDDS Technology for improved breast cancer therapy to industry for commercialization. Dr. Jain is inventor of 14 granted patents. He has authored 2 books, 11 book chapters and published over 230 research papers in high impact international journals (h-index 62) with more than 12700 citations. Dr. Jain has won several prestigious awards including AAPS Distinguished Young Educator and Research Scholarship Award, ABAP Gold medal for Advanced Research in Nano science and Technology, Shivnath Rai Kohli Memorial Mid-Career Best Scientist Award, Pharm Innova Award for Best Research Guide (three times in 2014-15, 2016-17 and 2017-18), Bharat Jyoti (The Glory of India) Award, Rising Suns in Asia Award, Alkyl Amine Young Scientist Award, INSA Medal for young scientists, OPPI Young Scientist Award and Punjab State Young Scientist Award for his outstanding research in the field of nanomedicine and novel drug delivery systems. He also Secured rank in list of World's top 2% Scientists (in the field of Pharmacy and Pharmacology) published by Stanford University, and Elsevier in 2020 and 2021. Last year he has received AAPS Fellow Award 2022 which was presented to him during Annual AAPS conference held at Boston in October 2022. He has supervised 2 Post Doc, 17 PhD and 125 Masters level projects and currently supervising 1 Post Doc, 11 PhD and 10 Masters' projects. Dr. Jain is a widely travelled scientist and delivered over 170 invited talks across the globe at numerous prestigious platforms. His research group has also been well funded (>13 crores Indian Rupees) by various government agencies and pharmaceutical industries. Dr. Jain is serving as expert committee member of Indian Pharmacopoeia (IP) and Radiopharmaceutical Committee of Department of Atomic Energy (DAE), Govt of India. He is Editor/Editorial Advisory Board Member of few international journals like Molecular Pharmaceutics, AAPS Pharm SciTech, Drug Delivery and Translational Research and Biomed Research International.

APTI (MAHARASHTRA STATE BRANCH) SPONSORED NATIONAL CONFERENCE ON
NANOTECHNOLOGY IN HEALTHCARE

Design and Development of Nanotechnology Based Drug Delivery Strategies for Advanced Health Care.

Abstract:

Drug delivery is the science and engineering of converting potent therapeutic drug molecules into practical medical therapies. Delivering drugs to patients in a safe, effective and compliant way is a major challenge in today's health care. In the conventional therapy, tablets, capsules or simple injections are most commonly used modalities for drug(s) administration. Oral route is generally accepted as the most convenient route of drug administration; however, its use is limited to small molecules. Macromolecular drugs such as peptides and proteins cannot be taken orally because of poor bioavailability problems. Furthermore, many drugs, regardless of their mode of administration, need to localise in specific diseased tissues and systemic administration of these drugs to healthy tissues can be toxic. The ability of drugs to reach from the point of administration to target tissue is limited by multiple barriers in the body such as enzymatic degradation in the stomach, absorption across intestinal epithelium, hepatic clearance and accumulation in non-targeted tissues. These barriers protect various tissues, cells, and organelles from their environment and the existence of these barriers is essential to life but the ability to deliver drugs for therapeutic applications is challenged. Accordingly, the primary challenge in the field of drug delivery lies in understanding these barriers and developing novel strategies to overcome them in order to cargo drugs and their carriers to their destination without compromising safety. That is the challenge that we have undertaken. Nanotechnology, which is also termed as NANOMEDICINE, offers very promising applications. We have developed variety of novel nano carriers systems for targeted drug delivery to tumour, site specific gene delivery, oral bioavailability enhancement and topical drug delivery. Newer versions of more stable and more specific carrier systems are under development. The present talk will discuss various nano carrier systems developed in our laboratory for above mentioned biomedical applications.

APTI (MAHARASHTRA STATE BRANCH) SPONSORED NATIONAL CONFERENCE ON
NANOTECHNOLOGY IN HEALTHCARE

Dr. Ashok Kumar Janakiraman

M. Pharm, Ph. D., PGDTT
Assistant Professor,
UCSI University, Kuala Lumpur,
Malaysia-56000
ashok@ucsiuniversity.edu.my

Dr. Ashok Kumar Janakiraman is an Assistant Professor in the Faculty of Pharmaceutical Sciences at UCSI University, Malaysia (ranked 284 in the QS world university rankings for 2023). Ashok received the M. Pharm (Pharmaceutics) degree from the SATARA and PRIST University, Thanjavur, India in 2008 and 2014, respectively. His research is situated in the field of pharmaceutical technology and product development, with a special focus on nanotechnology for drug solubility enhancement, fast melting tablets, topical products, and collaborative R&D in industries such as pharmaceuticals and cosmeceuticals. Ashok teaches several courses on pharmaceutical technology to bachelor's master's pharmacy students. He is the author or coauthor of more than 50 papers in international referred journals and more than 25 conference contributions, 4 patents, 1 trademark, 2 book chapters. He has received several important recognitions for his research career, including the Asian Youth Innovation Awards (Silver medal) in the Malaysia Technology Expo (MTE)2020, The Gold Award in the PECPITA 2022 International Conference, and the Exposition on Inventions by Institutions of Higher Learning in Malaysia. He received the UCSI University's Research Excellence Award 2022 in the "Top Research Publication Contributor" category. He currently serves as the technical advisor academic for Geomatica University College, a fellow of the Einstein Research Academy (ERA), and an associate member of the Malaysian Pharmaceutical Society. He secured a three- university internal grant worth RM 1,24,000, in 2022 from the Ministry of Higher Education (MoHE) Malaysia, a Fundamental Research Grant Scheme (FRGS) worth RM 89000, and an industry consultancy project worth RM 240000. He currently serves as vicechair, postgraduate and research cum FRSA (Faculty research scholarly activity)

Metallopolymer Nanoparticles in Cancer Therapy

Abstract:

Cancer is the sixth-leading cause of death worldwide. Despite great advancements in the current mainstream approaches (radiotherapy, chemotherapy, and surgery), treatment of cancer remains a challenge. Patients are unable to achieve cancer-free status due to low tumour selectivity and the presence of multidrug-resistant cells. Metallopolymer nanoparticles are an emerging and promising strategy for overcoming the limitations pertaining to current cancer treatments. The combination of benefits offered by the metal and polymer materials is hoped to bring cancer treatments to a new level. Herein, we will look into the benefits and drawbacks associated with metal and polymer and the choices that are available. The strategy for introducing metals to polymer materials and synthesis approaches will also be introduced. Finally, we will discuss their potential applications in cancer therapy and the current ongoing clinical trials.

Respected Sir,

Greetings of the Day !!!

Our team will be available in the campus for the training program. We will be covering all the major modules in the training. Following are the list of the modules which will be covered in the program as per the VYWS PO.

1. Admission, Fee collection and Scholarship Management
2. Academics and Attendance
3. Exam setup and Internal Marks entry
4. Hostel
5. Payroll & Salary
6. Employee leave & HRMS
7. Stores & Purchase
8. Finance
9. Library

Let us know in case of any query.

Regards
Sagar Pandya

Dear Sir,
Greetings from IPER, Wardha

We hereby request you to conduct Administrative training programs on ERP Software for staff members in our institute. The proposed dates are 18th to 23rd December 2023.

This will be a demonstrative workshop of different modules of Mastersoft ERP Solutions Software. Schedule of the administrative training program will be finalized after hearing from you.

Thanks and Regards

NOTICE

All staff members are hereby informed that IQAC of our institute has organized "Administrative Training Program" in association with MasterSoft ERP Solutions PVT. LTD., Nagpur. Training Program will be held from 18th to 23rd December 2023 in seminar room no. 121. Attendee will get the certification of participation. Attendance of staff members is mandatory excluding teaching staff involved in conducting university practical examination.

Take note of it.
